A separate contact lens fee is charged beyond the comprehensive eye examination. We determine fit, health and the condition of the eyes while wearing contact lenses. We also evaluate changes in prescription and lens design during this process. **Soft contact lens evaluation and new prescription is $55; refitting to a new brand of contact lens will cost between $85 and $249, depending on the type of soft lens being fit. The fees for Custom or RGP contact lens evaluations and refits vary. Please ask the Staff or your Optometrist for details.**
